
Laser safety goggles

product description / offer

Clear sight and broadband protection: **ORALIA laser safety goggles**

model: standard (Art.-No. 21200001)

This sporty designed goggles will protect your eyes from diode and Er:YAG laser beams. The sidepieces are bendable up- and downwards. Soft lamellas offer high convenience while wearing.

model: spectacle wearers (Art.-No. 21200002)

It offers extractable sidepieces for a most convenient fit and it protects your eyes as reliable as the standard model of diode and Er:YAG laser beams.
